(c) Does the Premier approve of the policies imposed by his Minister of Education, which policies have caused the present chairman of the York County Board of Education, Mrs. Dorothy Zajac, in her most recent report to the citizens of York Region, to complain as follows: "Unfortunately, the Minister of Education insists upon using badly outdated capital allocation formulae which present no problems to Boards with declining enrolment, a trend across the province, but do not adequately meet the needs in York Region", and further in a recent letter to this Member, to state that the York County Board of Education "is convinced that the 'rules' being applied by the Ministry impose undue hardships on those communities which are expanding". (d) Does the

Premier approve of the policies imposed by his Minister of Education which require the transporting of children out of their communities to outlying areas for school accommodation. (e) Would the Premier instruct the Minister of Education to revise immediately her ministerial policies so that the educational needs in the Regional Municipality of York will be met. (f) Would the Premier address the problems which accompany a growing area in terms of supplying educational services, inter alia, and respond to the letter from the Mayor of the Town of Vaughan, addressed to the Minister of Education, who writes that the "Boards of Education have been securing additional sites with these new subdivisions but are finding the rigid guidelines established by the Ministry for the construction of new schools unreasonable in responding to the areas within our towns which are experiencing concentrated growth". (g) Would the Premier either instruct his Minister of Education to respond to the immediate needs in the growing Regional Municipality of York or, in the alternative, replace that Minister with a Minister who would be more sensitive to those needs. *Tabled October 24th, 1980.*

369. *Mr. Stong*—Enquiry of the Ministry—(a) Now that the York County Board of Education has struck its new priority list and has placed the requirement of a new secondary school in Unionville high on the list, namely second, preceded only by the necessary repairs to the Thornhill High School, when will the Minister of Education provide the capital allocations needed for that new high school. (b) On June 9th past, the Minister stated in the Legislature that the decision involving a Unionville high school "is in the process of being made at this time", and further, at the meeting held in the Ministry's offices on October 1st past, the Minister requested an updated priority list from the York County Board of Education which has been set; how much longer will it take the Minister to decide. (c) Why does the Minister insist on imposing policies on the growing Regional Municipality of York, which policies have caused the chairman of the York County Board of Education, Mrs. Dorothy Zajac, to complain "that the 'rules' being applied by the Ministry impose undue hardships on those communities which are expanding". (d) Why does the Minister continue to enforce a policy which requires 31.5 students per classroom at the elementary level and 27 at the secondary level when the Minister knows that the collective agreements entered into between the York County Board of Education and its teachers set pupil-teacher ratios of 20 to 1 and 17 to 1 respectively in the two panels, and those figures translate into average class sizes of 25 to 27 at the elementary level and somewhat less than this at the secondary level. (e) Will the Minister revise her policy immediately so as to conform to the obligations which arise out of collective agreements with the teachers and which have to be met by the York County Board of Education. (f) Since the Ministry's policy requires that 80% to 85% of the pupils needed to fill all places in a new school must be actually present at the time, would the Minister change her policy and grant earlier initial approval to applications because of the considerable time required to put a new school into place after that approval. *Tabled October 24th, 1980.*

370. *Mr. Bounsall*—Enquiry of the Ministry—Will the Attorney General explain why an Ontario Representative was not sent to participate, as invited, to the Ontario Regional Conference of the National Association of Women and the Law, held in Windsor, October 24th and 25th, 1980, to discuss the Association's concerns with the proposed constitutional package. Especially inasmuch

as the Deputy Attorney General of Saskatchewan, the Federal Special Advisor on the Status of Women and Family Relations, from the Federal Department of Justice, and the counsel to the continuing Committee of Ministers on the Constitution from the Attorney General's Ministry of Manitoba, all attended and participated in this, the first, women's conference on Women and the Constitution. *Tabled October 27th, 1980.*

371. *Mr. Blundy*—Enquiry of the Ministry—Will the Ministry of Community and Social Services provide details of day care supplementary funding arrangements for the Regional Municipality of Ottawa-Carleton and Metropolitan Toronto including, in each case, the dollars being contributed by the provincial, municipal and federal governments. What proportion of the funding is definitely Canada Assistance Plan cost-shared, is there any proportion that is not C.A.P. cost-shared and in each funding arrangement what is the amount of money that the Ministry will attempt to claim as a reimbursement from the federal government. Under what legislation are funds being made available by the Province to Ottawa-Carleton and Metropolitan Toronto and if the *Day Nurseries Act* is not the sole piece of legislation being used, why not. Is C.A.P. cost-sharing better guaranteed under the *Day Nurseries Act* than any other legislation being used for funding in the case of these two funding arrangements. When does the Minister expect negotiations for federal cost-sharing in these 2 cases to be completed. If Ministry negotiations are successful in winning federal reimbursement, will the Ministry pass these funds on to the two municipalities for expansion of their day care programs. *Tabled October 27th, 1980.*
